

## Health Guidance Procedure

We may on occasion have to ask you to collect your child if we think that they are unwell. For some conditions we may require confirmation from a medical professional before the child can return. This is to help protect all children and staff.

Calpol will not be administered unless prescribed by a medical professional.

### **Should I keep my child off nursery? Guidance taken from NHS website**

<b>Yes</b>	<b>Until.....</b>
Diarrhoea and vomiting	48 hours after their last episode
Chickenpox	at least 5 days from the onset of the rash and until all blisters have crusted over
Cold and flu-like illness including Covid 19	they no longer have a high temperature and feel well enough to attend. Follow national guidance if tested positive for Covid 19
Impetigo	sores have crusted and healed, or 48 hours after starting antibiotics
Measles	4 days after the rash first appeared
Mumps	5 days after the swelling started
Scabies	had first treatment
Scarlet Fever	24 hours after starting antibiotics
Whooping Cough	48 hours after starting antibiotics
<b>No, but please let us know</b>	
Hand, foot and mouth Head lice Threadworms Glandular Fever Tonsillitis Slapped cheek	For further guidance please see 'The guidance on Infection Control in School and other childcare settings' <a href="http://www.gov.uk/phe">www.gov.uk/phe</a> <a href="https://www.nhs.uk/conditions/chickenpox/">https://www.nhs.uk/conditions/chickenpox/</a>
